THE TRUTH

Vol. 5 No. 2 NEWSLETTER MAY 1983

BIORHYTHM CHARACTER ANALYSIS AND COMPATIBILITY is used in this newsletter. The newspapers say what happened, THE TRUTH tells why. Each day has its own set of biorhythm numbers. They tell our true character just as astrology does. This is much easier. To do a chart that shows the ups, downs & critical days, another set of numbers would need to be added to the personal numbers.

ERA REINTRODUCED

The Equal Rights Amendment was reintroduced into the House of Representatives on Jan. 3, 1983.

Personal Biorhythm Numbers		
Physical	Emotional	Mental
20 (74%)	1 (93%)	30 (82%)

This day has a lot of confidence & stamina (74%), cares about the family (#1 emotional) & needs power (82%). It was a very dynamic day. The ERA will take on this strength & will make it this time.

ERA cosponsors has grown to 231 & need only 290 votes to pass in the House.

The ERA expect problems when the bill goes to the U.S. Senate because of the New Right Republicans who dominate it. Conservatives will fight against change even if the change is good.

These are the men they expect to cause them trouble.

		Personal Biorhythm Numbers		
		Confidence	Emotional	Mental
Jesse Helms	10-18-21	21 (83%)	14 (0%)	13 (21%)
Orrin Hatch	3-22-34	14 (22%)	12 (14%)	29 (76%)
Strom Thurmond	12-5-02	13 (13%)	18 (29%)	8 (51%)
John East	5-5-31	8 (30%)	0 (100%)	25 (51%)
Ronald Reagan	2-6-11	18 (57%)	1 (93%)	26 (58%)

It is surprising to see only one of these men is a natural male chauvanist (Hatch).

Reagan & East are natural parents who believe woman's place is in the home.

Helms & Thurmond are natural children who will do anything to get the attention on themselves.

Hatch is a male chauvanist who feels insecure and will blame women for his problems. He would act as if he feels superior to women but he does not. He might believe his mother or the women in his personal life are to blame for his inferior feelings & might want to get back at all women.

Hatch & Helms have tunnel vision. Helms is the only one who has the confidence to stand up to a lot of pressure. This could be a lot of fun for him. Helms loves trouble & will seek it out.

Hatch, Thurmond & East lack confidence & might act macho to try to prove they are real men, The males idea of a real man.

Thurmond, East & Reagan are opinioned & need to have people listen to them. They would be bossy.

TAURUS be prepared! The next several years will bring pressures to your intimate relationships; severe tests will be presented. Greater demands in this area will encourage you to reevaluate the necessity of certain relationships. If you know who you are & what you need, then coping will be made easier.

ARTIFICIAL HEART RECIPIENT

Dentist Barney Clark 1-21-21

Personal Biorhythm Numbers		
Physical	Emotional	Mental
15 (30%)	4 (71%)	19 (15%)

Clark received his artificial heart on Dec. 2, 1982.

Barney & his doctors were disappointed that it was taking him so long to get his strength back. Barney was naturally low in stamina (30%). His confidence was also low. He would have felt guilty about not doing better.

Barney especially enjoyed getting mail from children. He was a natural parent type (# 4 emotional).

Barney was having a death wish for about 2 months after the operation. He was a natural martyr (15% mental). Death is always on their minds. They love to complain. Barney would hang onto the negative too hard.

Life was very difficult for Barney (low physical, high emotional & low men-

LOVE YOUR LETTERS but it is increasingly difficult to find time to answer them. If you write to me & need an answer, please enclose a stamped envelope. Can not promise a reply.

On 3-25-83 Pres. Reagan said he is "against a tax increase right now." What does he call the 5¢ a gallon tax & the withholding of savings account interest?

HICCUPS - Massage the palate with a cotton swab. Without exception the hiccups are supposed to stop.

tal percentage). He would have been quite a rigid man. That is what brought him his heart dis-ease (not at ease) in the first place. There was a lot of havoc going on inside of him. It was difficult for him to cope with his inner feelings & with the outside world too.

The doctors should not get too discouraged about the death (3-23-83) of Clark. Someone with a different personality & a high physical could recover faster.

FARMER - ODETS

Frances Farmer, actress; author of "Will There Really Be A Morning" was a mentally ill woman. Her mother was obviously a "prima donna" type who needed a lot of attention for herself. To get that attention she pushed her beautiful daughter into the cold unfeeling world of show business. That was no place for a sensitive person like Frances. Frances was not emotionally compatible with the prima donna type & show business is loaded with them. They are the natural child type who will do anything to get attention.

Frances did not get love from her parents so she did not know what love was. She only knew she was starving to death from the lack of something in her life.

Frances became involved with playwright Clifford Odets.

	Personal Biorhythn Numbers		
	Physical	Emotional	Mental
Frances 9-19-13	5 (57%)	25(79%)	27 (64%)
Odets 7-18-06	3 (74%)	13 (7%)	7 (58%)
Compatibility	2 (83%)	12 (14%)	20 (21%)

The only thing they had good together was the physical attraction (83%). The love was not there (14%) & they could not hear one another (21% mental).

People with low self-esteem tend to choose someone who is not like them & cannot love them. This is what Frances did. They feel if they are not OK then the other must be.

Frances would have starved for love in this relationship. Odets could not have given her what she needed. She needed love & someone to listen to her, not sex.

Both would have been opinionated & needed people to listen to them (64% & 58% mental). Their personal mental numbers were opposite (#27 & 7). This meant they could not hear the other. What was said between them was distorted. This causes frustration and a lot of "You're not listening to me."

Frances tried to force Odets to love her but he could not. She had gotten his attention because they were physically compatible but could not keep it. It was like trying to force her parents to love her & it seems they could not either.

Before getting permanently involved, order your own compatibility. See order form page 3.

NUMEROLOGY - The first vowel has an affect on the total personality.

I...(continued) You weigh all new things with emotion first & reason second. Your intuition is good so when you feel a situation is right, you push ahead passionately with great strength & heart. You require many friends & are generous with them to a fault. You believe that whatever you extend will be repaid tenfold. Your impression given to others is one of an intense, magnetic & energetic nature. Your immaterial, loving & forceful attitude allows you to help in any manner you can & makes you sought after for your compassion, sympathy, & aid. Others seek your ideas when their own lack great vision. (to be continued).

QUEEN ELIZABETH born 4-21-26

Personal biorhythm numbers

Physical	Emotional	Mental
8 (30%)	20 (43%)	17 (3%)

The Queen does not like to waste things (30% physical). The low physical people are the savers. Even tho she is one of the richest women in the world, she will turn out lights when they are not in use. She could sit in a large room & have only one light on.

She eats left overs.

She likes to wear simple comfortable clothes. Housework would be a burden to her. She is lucky she does not have to cope with that.

The Queens favorite game is "charades." That is the game where one has to act out something. She is a born actress (20 emotional).

LIE DETECTOR

There is an interesting new TV program called LIE Detector. It makes one realize how inadequate our jury or judge trial system is. We would not have such long, expensive trials if everyone took lie tests. Lie detectors would keep the innocent from going to prison & the guilty from accusing the innocent.

We are taught to lie from childhood. We hide our emotions. We pretend we are what we are not. We use clothing, hair does, furniture, homes, jobs to cover up what we really are. Men act brave (macho) when they are afraid. The realhonest people are called names like slob.

We see people on TV talking about a subject that is supposed to be dear to their hearts. They sit like wooden sticks & show no emotion. This is what is expected of us in this culture.

When Erin Fleming (Groucho Marx estate trial) shows emotion about being pushed around she is called mentally ill. Names like that are used to keep people in control. When the lawyer on the opposite side looses his temper nothing is said.

What a phony society we are. We are lying all our lives. How is a judge & jury supposed to know what is what?

Lawyer F. Lee Bailey is the host of this program. Born 6-10-33

Personal Biorhythm Numbers

Confidence	Emotional	Mental
0 (100%)	17 (21%)	17 (3%)

He is an excellent lawyer because he can see the details so clearly (3% mental). He does not want to control or be controlled. He does his work so thoroughly he does not get too much controlling by others.

Bailey has the confidence to go after what he wants (100%). He would not be afraid of anyone or anything. He is a natural child who will do anything for attention (#17 emotional). He is a born actor.

When Howard Jarvis came on TV & got Proposition 13 on the ballot to keep people from being thrown out of their homes because of the excessive property taxes, he was emotional & spoke in plain English. It was refreshing to listen to him & the people loved it.

The singer Connie Francis was raped. It was so tramatic to her that she could not sing for 7 years. She is so angry she shows her emotions & says the public is sick of hearing why these men rape. She says we want them put away. On the whole the public is getting sick of the politicians & the court system. They both need changing. It will take people with the low mental percentages to do this. The mental percentage is not their intelligence.

Jarvis has 3%, Francis has 15%. Arline Mathews suing the FRS for greater accountability to the people has 21% mental, Jane Fonda fought against war & Nuclear plants. She has a 27% mental. The high mental people want power & will do anything to keep their control over us but we are starting to fight back. The low mental percentage people do not want to be controlled. We have taken it long enough. We are"as mad as hell & aren't going to take it anymore."

The lie detector is notused in most courts. Are they afraid of losing control?

the most important things to him. His psychiatrist suggested the family make him leave home. John was already disturbed & to be torn away made it worse. If the psychiatrist had known about biorhythm character analysis he never would have made a suggestion like this.

A week after John was sent away, he shot the President & 3 other men. Now the 3 other men are suing the psychiatrist for $14 million. They assume he knew Hinckley was dangerous to others. I do not think he could know that. Forcing him out of his home could have pushed him over the edge.

Hinckley needed a home more than he needed anything else. He now has one in a mental hospital.

Religion would also be a natural element for John. He could turn to that when he starts getting well.

GARY & BING CROSBY

I have 2 birth years for Bing Crosby. The tomb stone says 1904. If he had been born that year he would have had no attraction for Kathy, his wife. Born 5-2-01 would make him older than Bob Hope & would make it understandable about the age jokes between the 2 men. The 1904 on the tomb stone could be going along with the running joke.

Personal Biorhythm Numbers

	Bing 5-2-01*	Gary 6-27-33
Confidence	20 (74%)	6 (48%)
Emotional	12 (14%)	0 (100%)
Mental	29 (76%)	0 (100%)

Gary is an extremely emotional person (100%) & his father Bing was not (14%). Bing did not like being around emotional people & would have tried to stifle Gary. This caused Gary to grow up with a lot of anger & hatred for his father. Home & family are very important to Gary but he could not get what he needed from his father, or mother. The love was not here (14% emotionally compatible). Children keep trying to get love from their parents even if it is not possible for the parent to love the child. Children keep hearing what they get from their parent is love but it might not be the kind of love the other needs. These 2 could not & did not love the other.

Bing had the confidence to do what he wanted (74%) & Gary did not (48%). Gary would feel guilty if he did not do what Bing & others wanted. Bing would have [illegible]

The only [illegible] mon was the mental. They would know pretty much what the other was thinking. Because the love was not there, they would try to outwit the other. Both men needed to be in control (76% & 100% mental). This need was stronger with Gary (100%). Because he lacks confidence he would bully to get his way.

Gary does/did not trust women. He is a male chauvanist who would blame women for his problems. He has a typical policeman/clergyman type personality.

Gary needs to get his emotions out in a loving caring way but he could not do that with his father because they were not compatible.

Neither of the men were wrong. They just were not compatible with one another. When it is a parent-child we feel we have to stick it out & stay together. They would have been happier if they had gone their separate ways & not try to get the other to love them or conform to them. That is what Gary kept trying to do. That is what most children try to do.

OPEN ADOPTIONS is the newest thing in adoptions. It is supposed to give the adopted child a sense of their roots. The birth parent(s) keeps in touch with the child.

There are some natural child types who might get pregnant to get attention. Some of this type "hold people hostage." This means they could leech off the adoptive parents. They would be beholden to her & could never get rid of her. This could become a nightmare to the adoptive parents.

Before agreeing to the open adoption get the mothers birth[illegible] and see what she is like & [illegible] you will like her and want her around. See page 3 for order form.

MARTIN LUTHER was a religious reformer born 11-19-1483 NS. He talked against the Jews. He felt the Jews were trying to convert the Christians. Most of us have not heard of this side of Luther.

Confidence	1 (91%)
Emotional	23 (64%)
Mental	7 (58%)

He cared about people (#23 emotional). He had a lot of confidence (91%) to be a religious reformer. He needed to have people listen to what he had to say (58% mental).

Those who have their mentals in the 50s tend to be the ones most likely to be racist or have prejudices against others even if their intelligence tells them this is not right. Religious leaders spread hate, intolerance & prejudice & this is passed down. Each Religion saying theirs is the true one & the others are going to hell. The leaders do this to keep their following & make them afraid to embrace another religion.
